

Acceptance and Refusal Authorisation Policy

Under the National Law and Regulations, early childhood services are required to obtain written authorisation from parents/guardians, and authorised nominees in some circumstances, to ensure that the health, safety, wellbeing and best interests of the child are met.

PURPOSE

We aim to ensure that all educators, staff and volunteers are consistent in how authorisations are managed and what constitutes a correct authorisation and what does not, which consequently may lead to a refusal.

SCOPE

This policy applies to children, families, staff, management and visitors of the service.

IMPLEMENTATION

Our service will ensure we comply with the current Education and Care Services National Regulations, which require parent or guardian authorisation to be provided in matters, which include:

- Administration of medication
- Administration of medical treatment, dental treatment, general first aid products and ambulance transportation.
- Excursions including regular outings.
- Incursions.
- Taking of photographs by people who aren't educators
- Water based activities
- Enrolment of children including naming of authorised nominees and persons authorised to consent to medical treatment or trips outside the service premises

Management will ensure:

- That the service has an acceptance and refusal authorisation policy in place, which is to be adhered to and maintained by educators at all times.
- Parent/guardians are provided with a copy of relevant service policies
- That all staff follow the policies and procedures of the service

- That all parents/guardians have completed the authorised person's section of their child's enrolment form ([refer to Enrolment and Orientation Policy](#)), and that the form is signed and dated before the child is enrolled at the service.
- That permission forms for excursions are provided to the parent/guardian or authorised person prior to the excursion ([refer to Excursion Policy](#)).
- Attendance records are maintained to account for all children attending the service.
- A written record of all visitors to the service, including time of arrival and departure and reasons for visit is documents
- Where a child requires medication (excluding paracetamol), to be administered by educators/staff, that this is authorised in writing, signed and dated by the parent/guardian or authorised person and included with the child's record. (Refer to [Administration of Medication Policy](#))
- Educators/staff do not administer medication without the authorisation of parent/guardian or authorised person, except in the case of an emergency, including an asthma or anaphylaxis emergency (refer to [Administration of Medication Policy](#), [Incident, Injury, Trauma and Illness Policy](#), [Emergency and Evacuation Policy](#), [Asthma Policy](#) and [Anaphylaxis Policy](#)).
- Educators and staff allow a child to participate in excursion only with the written authorisation of a parent/guardian or authorised person.

- There are procedures in place if an inappropriate person attempts to collect the child from the service (refer to [Delivery and Collection of Children Policy](#))

[A Nominated Supervisor/ Certified Supervisor will:](#)

- Ensure documentation relating to authorisations contains:
 1. The name of the child enrolled in the service;
 2. Date;
 3. Signature of the child's parent/guardian and nominated contact person who is on the enrolment form;
- Keep all authorisations relating to children in their enrolment record.

- If an authorisation is refused by the service, it is best practice to document:
 1. The details of the authorisation
 2. Why the authorisation was refused
 3. Actions taken by the service. For example: if the service refused an authorised nominee named in the child's enrolment record to collect the child from the service as they were under the influence of alcohol, what action was taken to ensure that the child was collected. (Refer to [Refusal of Authorisation Record](#))
- Waive compliance where a child requires emergency medical treatment for conditions such as anaphylaxis or asthma. - Ensure a child only departs from the service with a person who is the parent/guardian or authorised person, or with the written authorisation of one of these, except in the case of a medical emergency or an excursion (refer to Delivery and Collection of Children Policy)
- Ensure a child is not taken outside the service premises on an excursion except with the written authorisation of a parent/guardian or authorised person
